SUMMARY

Results-driven Statistics graduate with a strong foundation in data analysis, visualization, and interpretation. Proficient in Excel, Power BI, and Tableau, with hands-on experience in developing interactive dashboards that transform complex data into actionable insights. Passionate about leveraging statistical methods and analytical skills to solve real-world business challenges and support data-driven decision-making.

Technical Skills

Data Visualization: Tableau, Power BI

Data Analysis: Excel, SQL

Programming Languages: SQL, DAX

Projects

1. **Service Desk Dashboard** ◦ *Description:* Developed an interactive Tableau dashboard to monitor and analyze service desk performance metrics.
 - *Key Features:*
 - ▢ Tracked ticket volumes, response times, and resolution rates.
 - ▢ Identified peak periods and resource allocation inefficiencies.
 - ▢ Enhanced decision-making by providing real-time insights into service operations.

2. **Call Center Dashboard** ◦ *Description:* Created a comprehensive Tableau dashboard to assess call center operations.
 - *Key Features:*
 - ▢ Visualized call volumes, average handling times, and customer satisfaction scores.

- Highlighted agent performance and areas needing improvement.
 - Facilitated strategic planning to improve overall call center efficiency.

- 3. **Consultant Performance Dashboard** ○ *Description:* Designed a Tableau dashboard to evaluate consultant performance metrics. ○ *Key Features:*
 - Analyzed key performance indicators such as project completion rates and client feedback.
 - Identified top performers and areas requiring training.
 - Supported management in making informed decisions regarding consultant engagements.

- 4. **FIFA 21 Data Cleaning**
 This project was done as a data cleaning challenge for data analyst. I cleaned the dataset using Microsoft Power Query Editor which can be found in either Microsoft Excel or Microsoft Power BI.

WORK EXPERIENCE

Freelance

2024 - Present

Data Analyst

- Collaborated with small businesses to develop custom dashboards.
- Assisted non-profits in analyzing survey data to drive community programs.

Urban Day Secondary School, Ibadan

July 2022 - May 2022

Mathematics Teacher / Analyst

- Developed and implemented a new system for collecting and analyzing student performance data, enhancing reporting accuracy by 30%.
- Collaborated with faculty to identify key metrics for student success and presented findings to improve educational strategies.
- Utilized Microsoft Excel for data manipulation and visualization.

- Collaborated with co-tutor to create engaging and effective lesson plans tailored to meet the diverse needs of students.
- Provided targeted tutoring for students preparing for the annual inter-school Mathematics competition, resulting in improved performance and confidence.

Mojoyinola Integrated Venture, Ibadan

Manager

Jun 2013 - Apr 2016

- Managed operations and analyzed sales data to identify trends, resulting in a 15% increase in revenue.
- Implemented data-driven strategies to optimize inventory management and reduce costs.

EDUCATION

Dataleum Academy

2023

Data Analysis

Federal School of Statistics, Oyo State

2021

HND Statistics

Federal School of Statistics, Oyo State

OND

2018

Statistics

CERTIFICATIONS

- Data Analytics Essentials with Power Bi - Udemy
- Data Analytics with Microsoft Excel - Dataleum Academy
- Data Analytics with Microsoft Power BI - Dataleum Academy
- Analytics with Power Query in Excel - Udemy
- English for IT - Cisco Networking Academy

EXTRA-CURRICULAR ACTIVITIES

Student Union President (Federal School of Statistics)

July 2017 – May 2018

Community Development Service Leader (Northwest LGA Ibadan)

Sep 2022 – May 2023

Volunteer/Analyst (Habeebullah Junior Foundation Ibadan)

Jun 2019 - Present
